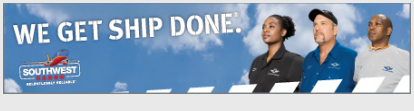
Special Thanks to our Sponsors



Phil Trenary was named the President & CEO of the Greater Memphis Chamber in June 2014. As the head of the Chamber, Phil is committed to collaborating with Memphis' business and government leaders to retain and attract good jobs to Memphis which is key to breaking the cycle of poverty.

Prior to being the Chamber President, Trenary provided strategic consulting services to the airline industry, assisted the leadership at the University of Memphis to achieve key milestones and provided strategic consulting to Emerge Memphis and Shelby Farms Park. He also guided the launch of the Greater Memphis Chamber's Chairman's Circle, a group of more than 100 business leaders working together to bring transformational change in the Greater Memphis region.

As the President and CEO of Pinnacle Airlines for 13 years, Trenary grew the business from a small private company earning $75 million annually to a publicly traded company over $1 billion in annual revenue.

Before his time at Pinnacle, Trenary founded Texas-based Lone Star Airlines and served as chief executive officer from 1984-1996. He earned a degree in Aeronautical Engineering Technology from Oklahoma State University. He and his wife Bridget have three kids, Justin, Brittney and Pearce, including one grandson. Bridget and Phil reside in Downtown, Memphis.
