Message from the President

That Punxsutawney Phil character I mentioned in the last MTT sure is a devious one, isn't he? I think we've all learned our lesson - never count on a marmot to predict the weather! Notwithstanding Phil's erroneous prognostication, the Traffic Club of Memphis is in full Spring swing. We have two social events coming up that promise to be a lot of fun. First, the club is hosting its inaugural Band & Bayou Party on April 18 at the High Point Pub. Make plans now to come dance and dine with your friends and fellow club members. It's \$25 for all the crawfish, sausage, corn, and taters you can eat and the music will be provided by StereoJoe. On May 6, the club will host its annual Spring golf scramble, the proceeds of which support the club's scholarship program. We're excited to offer a new venue this year in celebration of the club's 100th anniversary - Germantown County Club. You can register for both of these events on the club's website at www.trafficclubofmemphis.com and I hope to see you there. And don't forget the ongoing 100 for 100 membership contest and the Transportation Clubs International Symposium we'll be hosting in September. More details about those items are available below and on the club website.

See you soon,
Mason

TCI Scholarship News

As most of the membership knows, The Traffic Club of Memphis is a member of Transportation Clubs International. If you know of potential student studying in the transportation field, here is a good opportunity to get something else out of your membership. Click [here](#) for more information on the scholarship.

They are also looking for potential donors. The deadline is May 31st so get your applications in quickly!

If you have any questions, please call me at 901-553-2875.
