Message From the President

Marty Morelli

Special Thanks to our Sponsors

The Traffic Club's 101st year has started out with two great meetings and we are looking forward to some fun, good food and networking at our March Madness Crawfish Boil. This winter's storms and extreme cold has not been experienced in the U.S. in over 30 years. The logistics industry has had to deal with the weather impact along with driver shortages, equipment capacity, infrastructure challenges, Customs regulatory changes/enforcement, HOS challenges and continued cost pressure. So we all deserve some fun and fellowship.

With much regret the Board of Directors accepted Carey Treadwell's resignation in January. Carey has worked diligently and provided leadership to The Traffic Club, and we wish him the very best as he devotes more time to his family and business. Past president /Board member John Brewer will serve as Vice President and former Board Member Robin Colwell will return and take on the role as Director-Membership.

Bring your colleagues and let's enjoy Crawfish, Basketball and hopefully milder weather. See you soon.

Sincerely,

Marty Morelli
