President's Message

Greetings to all! Thanks to **Mike Archey** for his great presentation on Six Sigma as this new process is quickly becoming more and more used in the transportation industry. Great job Mike. Thanks also go to Dan Pallme, one of our board members, for securing Mike. Great job Dan!

After doing such an “under par”(remember in golf that is a good thing!) job at our Spring Golf Outing, it is with great regret that I must

announce that **Rick Marino** has tendered his resignation to the board. Rick will be having very serious back surgery on June 26th and will be unable to finish his term as golf director on the board. We offer Rick our prayers and hope for a speedy recovery and look forward to seeing him at future meetings this fall.

Leslie James will step into the golf director position for the fall. Leslie has shown great knowledge, enthusiasm and support at the last several golf outings so I am confident she will continue our string of very successful and fun days on the links! Please offer Leslie your congratulations and support as she takes over this position with a very short time for finalizing all of the necessary details!

Larry Mays has offered his services to the Traffic Club and has been approved by the board to fill the board position for Member Relations.

Please join me in supporting these Board Members in their new positions.

Here is hoping that each of you have a great and relaxing summer vacation time while we break for July and August. I look forward to seeing each of you at our next event, our Fall Golf Scramble in September! Thanks for your support during this term!

Ken Opperman

On Thursdays, September 4 and 11, the Memphis Regional Chamber is hosting its bi-annual hallmark "Passport to Export" series at 22 N. Front Street, Memphis, TN. The two morning workshops together provide great introductory training for new exporters or new employees with current exporters. Also, this series is a great "refresher" or "update" for existing exporters to learn the latest ins and outs of "export 101." During these two 8 AM to mid-afternoon sessions, you'll be exposed to marketing, selling, shipping, credit/collection, finance, and legal subjects.
